Experience

Frontend Developer Internship | Website   Sep 2022 - Nov 2022
Frontend Simplified

- Transformed a completely static HTML, CSS, JavaScript and React single page application into an interactive user interface using animations, transitions and carousels
- Processed API requests with Axios to dynamically represent data from a cloud server and represented it through skeleton loading states, pagination and dynamic routing
- Utilized Git version control and the GitHub interface to work and thrive in a virtual and collaborative team environment

Freelance Frontend Developer   July 2022 - Current
Self Employed

- Delivered professional websites using HTML5, CSS3 (+ SCSS, BEM), JavaScript and React best practises
- Improved website performance by compressing, caching and lazy loading images and components
- Included SEO, responsive, multi-platform and hosting support, enabling their website to be used by any browser or device in the world

Frontend Developer Support   July 2022 - Current
Frontend Simplified

- Supported 1,000+ students using HTML, CSS, Flexbox, JavaScript and React best practises
- Utilized debugging best practises using Google Chrome inspect element tooling
- Simplified difficult programming concepts including responsive website development, CSS layout, Promises and API requests

Projects

Personal Website | Website | GitHub
- Developed a personal website showcasing programming skills and projects (source code and live links provided).

Automotive Affection | Website
- Developed a fully-functional website for an Australian car detailing company using React.
- Features a completely responsive design and online appointment booking

Tesla Clone | Website | GitHub
- Developed a multi-page clone of the official Tesla website.
- Implemented user authentication and CRUD functionality with the use of Firebase.

Ticket+ (Streaming Site) | Website | GitHub
- Developed a multi-page mock streaming site.
- Utilized the TMDB API and Axios to dynamically display data of both movies and TV shows.
- Implemented searching, advanced pagination and filtering.
